

2011 Fall Leaf Pick-Up Schedule

Lakeside will provide free leaf pick-up this fall. Every effort will be made to maintain the schedule as published below. Inclement weather and equipment breakdowns, however, may delay pick-up. If a delay occurs, pick-up will resume in its scheduled sequence. Listed below are specific instructions to ensure that the leaves will be picked up in a safe and efficient manner:

1. Leaves must be placed in windrows, if possible, about one foot into the pavement by 8 a.m. on the day of pick-up. (If they are left too far toward the middle of the street or in a large single pile, passing vehicles may tend to redistribute the leaves.)

2. **It is very important that branches, stones, green vegetation or other foreign objects are NOT placed in the windrows.** This will damage the equipment and/or possibly cause injury to the operators.
