COMMUNITY EDUCATION PROGRAMS

Heritage Society Lecture

1:30 p.m., Sunday: Orchestra Hall: Lakeside's "Picture Show" for 90 Years with Dean Fick (Orchestra Hall)

Calling a movie theater a "picture show" was common in the early decades of the 20th century. Martha Jackman, the retired school teacher who was the cashier when Dean Fick worked at Orchestra Hall in the early 1980s, referred to it as Lakeside's picture show. Now the only movie theater in Ottawa County, Orchestra Hall is celebrating its 90th season in 2017.

Fick will touch on the films shown and explore the physical aspects of Orchestra Hall and some of the non-movie activities that have taken place in this space. He will provide an overview of technical aspects of how cinema technology works, though not to the point of causing boredom among non-technical attendees. There will be props and physical examples of items for an up-close look at cinema equipment.

Fick, a resident of Manassas, Va., serves as Manager of Technical Operations for the Smithsonian Institution's three IMAX Theaters and its Einstein Planetarium, located at the National Air and Space Museum, and National Museum of Natural History in Washington, D.C. A native of the Marblehead Peninsula and a 1981 graduate of Danbury High School, Fick is a member of the Lakeside Heritage Society Board.

Religious Life Workshop

2 p.m., Monday-Wednesday: Civil Discourse in an Uncivil World with Dr. Greg Linville (Train Station)

Have you ever been perplexed by a difficult ethical dilemma? Are you concerned about issues such as justice, morality or how to live out your beliefs/faith in an increasingly secular world? If so, join Dr. Greg Linville in a discussion about current ethical topics. These topics will be chosen daily by participants and moderated by Dr. Linville who has led such conversations in college, church and corporate settings. Participants will be encouraged to search for truth and determine a solid ethical foundation for their lives, but perhaps the most significant result will be learning how to have civil dialogues with those who have dramatically different views.

Dr. Linville earned his bachelor's degree in Christian ministry from Malone College and his Master of Divinity Equivalent and Doctor of Ministry from Ashland Seminary. His more than four-decade career has focused on sports ministry as a coach, faculty member, chaplain and consultant. He currently serves as the Executive Director of the Association of Church Sports & Recreation Ministers, an organization that exists to "equip local churches to change lives through sports outreach." He is a summer resident of Lakeside and currently serves as a member of Lakeside's Religious Life Advisory Team.

The film highlights a few of the pilots who achieved ace status and the value of U.S. pilots in winning the war for the Allies. Part I on Monday is 80 minutes, and Part II on Tuesday is 70 minutes. Showing of the documentary is coordinated by the Lakeside Heritage Society.
