## COMMUNITY EDUCATION PROGRAMS

### Heritage Society Lecture

**1:30 p.m., Sunday:** Lakeside's 1929 "Fire Demon" with Phil Dale (Chautauqua Hall)

On Sunday morning, Oct. 20, 1929, the shrill sound of the Lakeside fire alarm pierced the air. By the end of the day, the Methodist Church, the Printing Shop and 26 cottages from Walnut to Central Avenues between Fourth and Fifth Streets were gone. Using historic photographs, Phil Dale will review how the fire started, how it progressed, how the weather influenced its path of destruction, the efforts to control the blaze and the fire's aftermath.

Dale is a Lieutenant/EMTB with the Bedford Township Fire Department in Temperance, Mich., serving since 2001. He also served as a pastor to seniors at Boulevard Christian Church in Sylvania from 1995-2009. Dale and his wife, Kathy, reside in Lambertville, Mich. and own a unit at the Historic Richards House, also known as "Same Time Next Year."

### Guided Tree Walk

**10:30 a.m., Monday:** Guided Tree Walk (Meet at the Pavilion)

Lakeside Chautauqua has been designated as a Tree City USA community for the sixth year. This award is for communities with a variety of trees who are working to maintain and improve their forest. Lakeside has more than 100 varieties of trees, and on this walk, participants will learn about 25 of them. The walks are coordinated by the Lakeside Environmental Stewardship Society (LESS) and led by volunteers Bill Dudrow, Bill Smith, Mary Bishop and Frank O'Dell.

### Religious Life Workshop

**10:30 a.m., Monday & Tuesday:** Methods of Prayer (Session I & II) with the Rev. Irwin Jennings (Train Station)

**Monday focus:** The prayer method known as *lectio divina*, or divine reading, will be explored. Experience the Biblical message by quiet listening and sharing what God has made known to you, as you are comfortable.

**Tuesday focus:** The St. Ignatius prayer method will be explored. Participants will be able to place themselves into the scene as one of the characters in the passage and attempt to taste, hear, smell and feel the passage. St. Ignatius believed that this way of praying, seeing oneself as a participant in the scripture, could be life-changing.

The Rev. Jennings is an ordained United Methodist clergy and has served churches in Indiana and the East Ohio Conference. He is a graduate of Garrett Evangelical Seminary and earned his Master of Divinity from the Graduate Theological Foundation. He has served as the Dockside Worship Coordinator for Lakeside since 2007.

Our modern lifestyle depends on easy access to a great deal of energy. Many authorities, however, are saying that our present grid is ill suited for now and for our future when more energy will be needed. Especially troublesome is our present dependence on fossil fuel for energy production. Gretchen Bekle's book, *The Grid*, provides a history of our nation's grid, why our current grid is unsuited for our future and potential steps that can be taken to overcome these problems.

Bill Smith, retired electrical engineer and environmentalist, will review Bekle's book. LESS seminars are open to both members and non-members.
