Lakesider pilots new format

Lexie Digby
Marketing & Graphic Design Manager

Unless you is this your first time in Lakeside, turning the page of this newspaper you’re holding will present a surprise. This is a new layout that is– the spirit of turning the pages, growing and trying new things– Lakeside is piloting a layout that invites participation and is piloted with community news pages, and then progressed to programming with activities mostly divied up by which area of Lakeside – sharing Lakeside with friends and family by involving them to visit. For this reason, we are piloting a layout that invites participation in a diversity of programs by making it easy for you, first-time guests and long-time Lakesiders, to engage in activities across all four pillars.

These new programming pages can be found on pages 2-15, in a Saturday-thru-Friday order. Following those, are ‘Classics in the Arts’ (16-21), pages dedicated to upcoming special events (18-19), and general community news (20-25) that has always appeared in the Lakesider (collegiate competition results, community organization contributions, wellness and environment topics, general announcements, etc.). At the end of the newspaper, there will be the usual ‘Resources’ and ‘Snapshot’ pages, as well as a special page dedicated to celebrating the highlights of 2018.

We invite you to share your thoughts on this new layout of the newspaper, as we will use your feedback tremendously. We will use a similar format again for the final combined Week 10/11 issue. At the end of the week and the into the off-season, Lakeside will review and take into consideration all guests’ and staff’s feedback.

The final result for next year’s layout will be committed with a new layout, it may be not by the old layout or it may be to come up with a hybrid version of the two. If, after reviewing this newspaper, you want to submit your thoughts, please visit www.lakesiderohio.com/lakesider, and click on the button to take the survey.

Master Plan, prioritizing concepts

The Master Plan is vital to planning Lakeside’s future and development. The plan process takes each of these steps.

The summer of 2017 was certainly focused on gathering community feedback to help with the creation of the Master Plan. During the fall, winter and spring of 2018, Lakeside and Mohr Associates worked together to combine the input into a Master Plan that honors Lakeside’s history while focusing on realistic, yet visionary goals for the next 15-20 years. There were more than 3,000 ideas collected from the community. The plan process took care to engage a wide audience of Lakesider members, members of the larger Danbury Township and neighboring communities, businesses and leadership. We collected feedback from residents, students, businesses, property owners, in-person porch gatherings and community forums.

Many interacted with Lakeside’s specific focus areas.

The Lakeside Master Plan recommendations are organized into the following five focus areas: South Lakeside & Cultural Arts Campus, Chautauqua Corridor, Recreation & Wellness Campus, Downtown, and Lakefront & Bettinger Park. It includes suggestions moving forward the next phase of work, it may be to revitalize the old layout, or it may be to come up with a hybrid version of the two. If, after reviewing this newspaper, you want to submit your thoughts, please visit www.lakesiderohio.com/lakesider, and click on the button to take the survey.

Re-experience the Holy Land

All are invited to experience the trip that several Lakesiders took to the Holy Land in February of 2018.

The event will begin with lunch at 12 p.m. in Wesley Lodge (Mediterranean salads will be available to purchase), and will include a presentation at 12:30 p.m.

Individuals who took the trip will present their experience through pictures and videos, beginning in the South at the Dead Sea and winding up to Bethlehem with stops in Jericho, Caesarea and more.

Together, we’ll stop and look out over a shepherd’s field, and imagine the labor of herding sheep on the rocky and steep mountains.

We’ll head north to the Sea of Galilee and hear about the cities and stories in this lush, green area. We’ll share stories about the Beatitudes, the feeding of the 5,000 and the Sermon on the Mount. To conclude the experience, we will arrive in Jerusalem and stand on the Mount of Olives, overlooking this storied and special city.

Throughout the presentation, we will be sharing our reflections on pieces of scripture that coincided with the stops on our trip. We encourage you to bring your bible and follow along with us.

The cost of the lunch will be $20, register at the Legacy House, 217 Walnut Ave.

Family Night in the Park: Wild Carrot
6 p.m.
Steele Memorial Bandstand/Gazebo

This Cincinnati-based, award-winning group has what it takes to please all ages of folk music fans.

Rooted in traditional American music, Wild Carrot’s repertoire branches in diverse directions: from original tunes and swing to blues and traditional songs. The group is known for its powerful, lilting, disarming, and vocally rich in each performance, expanding their configurations to a trio or quartet to fit each venue.

Art in the Park offered for all
Art in the Park, organized by the Rhein Center, will take place from 1-2:30 p.m. Sundays in Bettinger Park (formerly Central Park) near the Pavilion.

Participation is $1-2 project. The activity changes weekly; example projects may include rock painting, earth art or a simple craft.

LHS Lecture: “Camp Fannie Doane & the Hilltop House”
At 1:30 p.m., Sunday, Aug. 12 in Chautauqua Hall, Dale Knobel will present “Camp Fannie Doane & the Hilltop House.”

A Baptist camp in Lakeside? Yes, but. From 1950 until the end of the 1950s, the American Baptist Foreign Mission Society operated a summer camp for the children of the Fannie Doane Home, associated with the campus of Dennison University in Granville, Ohio.

Generations of Christian missionaries spread out across the world from Denison in Granville, Ohio. Many came from the Fannie Doane Home, which coincided with the stays on our trip. We encourage you to bring your bible and follow along with us.

The cost of the lunch will be $20, register at the Legacy House, 217 Walnut Ave.

Next Sunday: Dennis Stroughmatt et L’Esprit Creole
For next week’s Family Night in the Park concert, Dennis Stroughmatt et L’Esprit Creole will take Lakelanders on a journey through Upper Louisiana’s Creole culture with a vibrant blend of music, language and stories.

The band’s music bridges the gap between contemporary Canadian and Louisiana Cajun-style music from a tradition that has passed down for more than three centuries. The style blends Celtic, Canadian and old-time music preserved by families in the French region.

This magical medley of music, language, stories and culture that has long been stowed away now has a voice in the tapestry of this world. Dennis Stroughmatt et L’Esprit Creole will take Lakesiders on a journey through Upper Louisiana’s Creole culture with a vibrant blend of music, language and stories.

During his week at Lakeside, the Rev. Dr. Root will preach at 10 a.m. Monday-Thursday in a combined Faith for Living Hour and Chautauqua Lecture Series presentation.

Please note the special time. At 7:15 p.m. Tuesday, Aug. 14, he will lead Vespers at the Lake, held on the Pavilion East Deck.

The Art of... First-Person Portrayals with John Moser, PhD 2:30 p.m., Chautauqua Hall

Living history portrayals are an effective way of teaching about the past, but what does it take to do them? Living history is an educational medium used by living history museums, historic sites, heritage interpreters, schools, and historical non-profit organizations to educate the public or their own members in particular areas of interest. In this interactive presentation that seeks to give historical tools, activities, and dress into an everyday life of a specific period in history, such as clothing styles, pastimes, and handicrafts, or to convey a sense of the historical atmosphere of a life style of a period in history. Learn how living history incorporates historical tools, activities, and dress into an interactive presentation that seeks to give the observers and participants a sense of stepping back in time.

Lymphatic: wellness for body & soul

The Rev. Dr. Ned Dewire
Director of Religious Life & Chaplain Outreach

The Christian life can be described as a journey with God, a journey in which we move closer to each other. What is the distance that has over 4,000 years, the lymphatic is brave and it is a sacred gift for many of the most famous built in the Roman Catholic Cathedral in Chartres, and in turn, grow closer to others. Christian life is a journey with God, and in the finite worlds flow into each other, the whole.

Labyrinth origins that date back more than the destination, causes us to reach the center. Walking the labyrinth is more about the journey than the destination. About being rather than doing, becoming rather than making. We begin mind and spirit, into one harmonious whole.

The labyrinth is a sacred space which, by definition, is where two worlds grow into each other, the visible and the invisible. The finite world touches the infinite. Psychic and soul are reunited, so also are the imagination and the logical mind. Walking the labyrinth is a body prayer: Honoring your body’s temple helps open your intuitive channels, leading to wellness.

'An evening with C.S. Lewis on Wednesday, Aug. 15. The idea of the imagination—and specifically as it relates to Lewis’s writing on spirituality and the life of the imagination, the finite and the invisible. The finite worlds flow into each other, the whole.

Concert with Guest Conductor

Michael Chertock & Pianist Dror Biran
8:15 p.m.

The 2018 Lakeside Symphony Orchestra’s summer season concert series continues with a night of new music featuring guest conductor Michael Chertock and pianist Dror Biran. The concert will include “Fugitive Overture, Op. 96” by Dmitri Shostakovich and “Piano Concerto No. 1 in B-flat Minor, Op. 23” by Peter Ilyich Tchaikovsky.

Established in 1963, the LSO is one of Lakeview’s most cherished traditions. Bringing classical music to the Chautauqua community, the orchestra performs concerts during its month-long residency.

The LSO is made up of more than 50 members from across the country; many have devoted many years of service to Lakeview. For this performance, the LSO will also feature pianist Dror Biran. Born in Israel, Biran is a top prize winner of several national and international piano competitions. He is a graduate of the Griotmati Conservatory and The Rubin Academy of Music in Tel-Aviv, Israel.

Following the concert, there will be a reception in the Hoover Auditorium lobby for guests to meet Chertock and Biran. “An Evening with C.S. Lewis” featuring David Payne

8:15 p.m.  
Hoover Auditorium

A devoted C.S. Lewis fan who has spent his life bringing the author’s words to life, David Payne has written a one-man show that will be performed in Lakeside. The play is set in the year 1963 and C.S. Lewis, the now-famous British author, is in the twilight years of his life. The setting of the play puts Lewis in his element as he hosts a group of American writers at his home out- side Oxford, telling them about his associations, writing, family, faith and the literary world. Payne’s performance has been described as capturing the ‘essence of the man who created Narnia’ in an enthralling, laugh- tery and utterly captivating! 

Payne can trace his interest in C.S. Lewis back to his teenage years, when he received a copy of C.S. Lewis’ best-selling book, The Screwtape Letters. At the time, he could never have imagined that 40 years later, he would be gaining a reputation for his portrayals of the famous author. It was around 1990 after C.S. Lewis’ death in 1963 that Payne won the lead role in Shadowlands at the prestigious Tennessee Performing Arts Center (TPAC). With minimal acting experience and a British accen- t on his side, he was cast as Lewis, and it was then that Payne truly realized that he could bring C.S. Lewis to life on stage. Payne prepared for this play, titled Mist in the Moonshine, by numer- ous readings. At 8:15 p.m. on Wednesdays until Aug. 22, all are welcome to gather in Perry Park for fel- lowship, games and an evening of family picnic.

Feast on hot dogs, baked beans, macaroni salad, chips, watermelon, cookies and lemon- water. Bring your own reusable plates and utensils and a blanket or lawn chair, as picnic tables are available. 

There is no charge, but a $4 donation is suggested to offset the cost. In the event of rain, the picnic will be cancelled.

Mike Albert & the Big “E” Band
8:15 p.m.  Hoover Auditorium

A Lakeside favorite, Mike Albert & the flying “E” Band returns to the Hoover Auditorium stage for an “Ultimate Tribute” show dedicated to Elvis Presley. With songs including “All Shook Up”, “Can’t Help Falling in Love” and “Hound Dog,” Albert has won scores of major world “Elvis” contests for his impersonation of the King of Rock & Roll. Beginning with sing-a-long tapes of Elvis’ greatest hits, Albert discovered a hidden talent and developed it into a real passion. As a result of an increased demand and popularity for his show, the flying “E” Band was created. It modernizes the sound of Elvis’ band in his original legendary Las Vegas shows. Vocal groups that originally backed Elvis have toured with Albert’s tribute show in the past, including The Jordanaires and J.D. Sumner & The Stamps Quartet.

Albert’s style, charisma and ability to involve the audience have established a long-term relationship with his band, drawing sold-out crowds year after year. His powerful voice lends itself well to every type of Elvis songs from the 1950s-1970s, which allows him to keep the show fresh with an ever-changing song line-up. Albert has been performing at Lakeside since 1997. Lakesiders look forward to his performances every year, and he never disappoints.

The Five Senses of a Summer at Lakeside

A poem by Hallie Parker

Lakeside is a special place where I get to spend the summertime. It awakens the five senses.

I hear the waves crashing against the rocks, shuffleboard discs sliding down the court, and golf carts beeping as they back up.

I see colorful sailboats zipping across Lake Erie, fireworks blasting through the night sky, and paint splattered on easels at the Rhein Center for the Arts.

I smell fragrant flowers growing in the gardens, skunks roaming the streets at night, and the mouth-watering smell of Sloopy’s pizza.

I taste delicious, cold Whirlee Stop ice cream, scruptious rainbow sprinkles on Putoh donuts, and tasty candy from Marilyn’s.

What started as a duo by the name of “Scratch and Soda” in 1972, has now grown into a six-person country rock band known as McGuffey Lane. After adding guitarist Bobby Gene McNelley, vocalist Steve George Reis and guitarist Terry Efaw, the group renamed their new trio after the street of Reis’ home in Athens, Ohio. When their popularity continued to grow, they added drummer and vocalist Dick Smith and keyboardist Stephen Tebes. They became the house band for Zachariah’s Red Eye Saloon in 1977 and soon after branched out their local roots band, drawing in national tours and recording their first album with a brand new McGuffey Lane.

Today, McGuffey Lane is still going strong with three original members performing more than 30 concerts annually.

Classes in the Arts

Lakeside Chautauqua houses a treasure in Epworth Lodge, located on the corner of Walnut Street and Second Street, known as the C. Kirk Rhein, Jr. Center for the Living Arts. Arts programming began there on Aug. 9, 1998, thanks to a generous gift from the Kirk family, and their friends, in memory of their son, Kirk.

The Rhein Center provides classes across the entire spectrum of the arts for Lakesiders young and old and everyone in between.

Each week brings a new group of instructors and a new variety of class offerings in areas such as drawing, painting, creative writing, dance, fiber arts, glass, jewelry, theatre and more. Classes vary in skill level, length and number of sessions.

This summer, the Rhein Center will hold classes seven days a week, increasing the activity options for weekend Lakesiders. In addition to hosting Art in the Park on Sundays, the Rhein Center will now hold Saturday classes (11 a.m.-3 p.m.) until Aug 11.

Unlike the weekday class registration, which will continue to open at 8 a.m. on the Thursday before each week of classes, the Saturday classes will open for registration any time throughout the summer.

To see all the available classes, visit www.lakesideohio.com/art/classes, and follow the links to the Center calendar.

When searching the Active database of class listings, use the left sidebar menus to sort and filter the classes.

Continue to check back during the summer, as more classes will be added. Call (419) 798-4461, ext. 276 with any registration questions.

Rhein Center Class Schedule, Aug. 11 - 17

Online registration with credit card payment opens at 8 a.m. each Thursday for the following week’s classes. Register online at www.lakesideohio.com/art/classes. Those who need help registering, wish to enroll someone from a wait list or wish to pay in cash or by check may visit the Rhein Center from 1-3 p.m. each Sunday, Weeks 1-9, and daily 9 a.m.-5 p.m. each week. It’s still summer in Lakeside, but soon the leaves will be changing colors and jack-o-lanterns will begin lining the streets. Plan to carve out some family time this autumn by gathering together to try this leaf luminary craft. Use the atmospheric glow to guide little monsters and superheroes alike up the path to your door. When the angels and ghouls have had their fill of candy, you can bring the luminaries inside to warm up your Thanksgiving table.

This project is great for all ages. Here’s what you’ll need:

- **Leaves:** Fake or real. If you choose to use real leaves, look for ones that are not dried yet and can still bend without cracking. You can find a range of colors from golden yellow to burgundy red to achieve the look you want.
- **Mason Jars:** Choose all the same size or mix and match. (Clear vases with wide mouths will work, too.)
- **Mod Podge** (or another glue that will dry clear and clean-up easily)
- **Foam Brush** (or any brush big enough and soft enough to not tear your leaves)
- **Decorative Raffia or Ribbon**
- **Small Candles** or Battery-Operated Tea Lights

The process is simple. Make sure your jars are clean and dry. One at a time, coat the back of a leaf with enough Mod Podge to stick to the glass, but not so much that it will drip. Apply the leaf to the outside of the jar and hold in place until it stays on the glass. Be sure to gently smooth it down all the way to the edges of the leaf, so it is less likely to break or peel away.

Repeat with more leaves, overlapping the edges for a beautiful blend of colors.

Once your jar is covered, wait a few minutes, and then you can carefully apply a thin coat of Mod Podge over the entire collage to give it a uniformly protected surface. Be extra gentle so the leaves don’t move around or tear.

Let the decorated jar dry for a few hours. After your project is completely dry, tie a bow of raffia or ribbon around the top for a final touch. Place your candle or battery-operated tea light inside, and see the leaves glow!

How are you decorating your home this autumn?
The Lakeside Antique Show, which has been held at Lakeside Chautauqua since 2007, will take place from 9 a.m. to 5 p.m. Saturday, Aug. 19 and 11:30 a.m.-5 p.m. Sunday, Aug. 20. The show is organized by Cliff Hartline, executive director of Lakeside Heritage Society.

Many different and unusual gladiolus arrangements will be on display. Exhibitors and Lakeside Heritage Society members promote appreciation of gladiolus growing and assist interested persons or groups in their cultivation and use.

This is an open entry show. Locals may bring gladiolus on the morning of Saturday, and will receive flowers for the evening’s show, as well as Youth and intermediate levels are provided for. The genus gladiolus is a genus of flowering plants in the iris family.

Sometimes called the “sword lily,” the most widely recognized and English common name for these plants is simply gladiolus. The genus gladiolus contains approximately 260 species, of which 250 are native to sub-Saharan Africa, primarily south Africa. Although they are commonly called, and are used to a limited extent for landscape effect, few species are useful for flower production. Gladiolus produce tall spikes of large blossoms in a wide rainbow of colors, ranging from white, pink, red, purple, yellow, orange, salmon and even green gladioli are available, along with many bicolors. The wide range of colors, sizes and flower types make them particularly useful for flower arrangements. centerpiece.

Flowers will be distributed to the public, free of charge, after 8:30 a.m. Monday, Aug. 20, on the Hoover Auditorium porch.

Together, we can help our world by making one change a week.

When incandescent and compact fluorescent lightbulbs (CFL) burn out, replace them with LED bulbs. Less electricity has to be produced to operate and reduce the demand for new power plants.

The Lakeside Chautauqua Literary & Scientific Circle (CLS) will continue to meet this summer for roundtable discussions, book reviews and a graduation. The third and final meeting will focus on “The Sellout” by Paul Beatty. This session will be held at 3 p.m. Thursday, Aug. 16 in the Atrium Garden. George Spillers will lead this discussion.

On July 24, the CLSC honored and acknowledged its recent graduates, David Impaglia, David Hark and George Spillers. To reach the Parnassian level, one must read 50 books of official CLSC reading list, which dates back to 1878.

Mary Jones played the dulcimer to begin the program, as did Ruth Jensen with handbells. The Parmans graduates, Drea Bennett, David Hark and George Spillers, contributed to the event by speaking on the theme, “Disruption.”

Webster defines disruption “to break apart, to disturb or interrupt.” In one way or another, all of us have lived through and been part of disruption over the last century to reduce electricity demands from light- ing by 62 percent, prevent 24 million metric tons of carbon emissions and eliminate the need for 133 new power plants.

New: gift cards & barcodes

Community News

This year, Lakeside is excited to offer gift cards and barcodes for pay for Daily, Weekly or Partial Day Chautauqua Passes. As a way to accommodate the expectations of our guests, Lakeside is planning to gradually phase out the Coupon Books, and shift to using Gift Cards and barcodes. Each one will be exchanged for a Daily Chautauqua Pass (regular or reduced rate). Seven coupons may be exchanged for a Weekly Chautauqua Pass. For this year, the summer of 2018, guests will begin to see barcodes on their Daily and Season Chautauqua Passes. However, these barcodes will have no immediate effect on our guests. Passes will still be required to be shown upon entering the gates, Hoover Auditorium, the Tremendous Aquatic & Wellness Campus and other Chautauqua programs.

For this year, the season of 2018, guests will begin to see barcodes on their Daily and Season Chautauqua Passes. For this first year of using Gift Cards, they may only be used to pay for admission into Lakeside. They may be redeemed for Daily, Weekly or Partial Day Chautauqua Passes, or they may be used to purchase Gift Cards. In the future, Lakeside hopes to expand the usage of Gift Cards, so that they may be used to pay for goods at Artist-N-Cahoots, park activities, golf fees, waterfront activities and other lakeside operated services.

Gift Cards are available to purchase in values of any amount. They are available at the Ticket Office or in the Administration Office. For more information about purchasing and using the Gift Cards, contact Tyler Williams at (419) 786-4641, ext. 349.

Lakeside also is exploring the option of using barcodes on Chautauqua Passes to track attendance at the gates, Hoover Auditorium, the Tremendous Aquatic & Wellness Campus and other Chautauqua programs. Lakeside President/CEO Kevin Sibbring presented this draft to several groups of people during the “State of Lakeside” gatherings in Ohio and Florida during the spring, as well as to a large crowd in Hoover Auditorium in May. This summer, Lakeside has continued to seek feedback during front porch gatherings, individual gatherings and electronic comments. These comments and input will help direct the prioritization of the projects suggested in the Master Plan.

Looking to the near future, the Lakeside Chautauqua Board of Directors will review this final plan with the goal of giving it a final approval during the August Board meeting. However, it is important to note that although this Master Plan is considered final, it will continue to be a flexible and living document that has the freedom to adjust for future unforeseen circumstances if need be. In addition, the implementation plan is flexible to allow priorities to shift as opportunities in funding, partnerships and/or specific projects rise.

If you are signed up for our electronic communications, you may have received the executive summary via e-mail. To view the Master Plan Executive Summary, and provide your thoughts on how Lakeside might prioritize the many projects up for consideration, visit www.lakesidemasterplan.com.

Thank you volunteers Stewardship & Generosity Conference

The Generosity & Stewardship Conference kicked off on Aug. 5 with an opening dinner to welcome the 120 attendees. They traveled from as far as Oregon and Colorado, with most having never been to Lakeside before. Throughout the three-day conference, attendees participated in breakout sessions, heard from keynote speakers and attended roundtable discussions.

Lakeside welcomed Bishop Robert Schnase, who provided a keynote address about his books Just Say Yes and The Five Practices of Fruitful Congregations. Dr. David King, from Indiana University Lake Institute, traveled to Lakeside for the first time to explain the trends of religious giving today. This sparked dialogue over lunches and dinners.

The Rev. Dr. Clayton Smith challenged attendees to dive deeper into year-round stewardship as he discussed his book Propel: Good Stewardship, Greater Generosity. He has more than 20 years of experience in the area of generosity.

We graciously thank the Lakesiders who welcomed these conference attendees into the homes by hosting small social mixers and dinners. Attendees raved about the radical hospitality provided by countless Lakesiders, volunteers and staff. Your volunteerism and generosity made a difference to people visiting Lakeside.

The 3rd Annual Generosity & Stewardship Conference will take place on Aug. 4-7, 2019.
Support Lakeside's future

About 20 years after Samuel Witscheg emigrated from Cincinnati, his grandson, Dale Knobel, was ready to give back. Dale, along with his wife Tina, continues to see the value of education at Lakeside and support the Endowment as well.

"We know that we are enjoying the future of Lakeside," said Dale. "It is vital to support the Endowment and ensure a viable future for Lakeside." Dale said, "Lakeside means everything to us. We've spent four off the investment earnings of the Endowment to support the Lakeside programs that have been so meaningful throughout history, and because the beauty and grounds. We are stopping the endowment to $12 million, and with the support of the Knobels and many Lakeside families, we can achieve the goal and significantly impact the Lakeside experience for the next generation.

You are invited to join Dale and Tina and show your generosity. The Knobels Lectured Setups Seminars that celebrate the past. It's a great way to express your passion for creating a Legacy for Lakeside."

Summer 2018 has been special for a lot of reasons... ...

... but the biggest reason of all, is YOU.

YOU have been the spirit, the motivation, and the movers and shakers this summer. Because of your contributions of time, talent and treasure, Lakeside was able to present top-notch programming, welcome the community to new facilities and nurture the minds, bodies and spirits of thousands of individuals.

We thank you, from the bottom of our hearts, for being a supportive, active, engaged and dedicated member of this Lakeside community.

You are Lakeside. Through your generous contributions of time, talent and treasure, you were a driving force behind the Lakeside Symphony Orchestra’s transformative year. To evaluate potential conductors and select a successor after former conductor Robert Spano’s 47-year career with the LSO, Lakeside has welcomed five top-notch conductors to the Hoover stage: all of whom applied for the LSO Conductor and Music Director position commencing in 2019. In addition to the five candidates, Lakesider Max Rabinovitsj guest conducted and served as soloist for one concert. Rabinovitsj dedicated the concert on Friday, July 27 to the late Neil Glaser, a longtime Lakesider and significant contributor to the Arts pillar for many years.

Family Entertainment Series. In an effort to offer convenient and kid-friendly shows in Hoover Auditorium, Lakeside dedicated select Wednesday evenings to family-friendly performances that started at 7:30 p.m. Highlights of this series included Doktor Kaboom! “Wheel of Science” and Chicago Dance Crash “Hip-Hop Game Show,” an interactive dance experience for all ages.

Lakeside also received sponsorship in bringing Juliette Wells, PhD, the author of several books about Jane Austen. The former Cleveland Indians first baseman visited Lakeside with his wife, Gail, to share his faith journey. He also discussed his athletic career, his book Tripping Over Trippity, and presented a special scripture-based lecture with his wife.

To cap off the end of a project that was funded by a nearly $4 million dollar capital campaign in 2016, Lakeside welcomed the community into the Wellness Center at the Grindley Aquatic & Wellness Campus. The facility includes the Magnaform Hospital Fitness Room, which houses exercise equipment, and Drackett Hall, which serves as a multi-purpose space for Wellness Seminars, exercise classes, community events and more.

Best-selling author visits. In addition to Sam Quinones, Lakeside was thrilled to invite several other authors to speak. Week 1 brought children’s authors for the theme “Creating & Publishing Children’s Books.” Week 2 brought Neil Zurcher, author and Cleveland “Fox 8 News” reporter to share tales from his more than 35 years on the road as the host of “One Tank Trips.” In Week 3, Laura Schroff, author of 40 Miles on Earth, visited to speak on the power of kindness and human connection.
