Amy Grant returns to Hoover

8:15 p.m. Hoover Auditorium

Saturday, June 22

Grammy and Dove Award-winning singer and songwriter Amy Grant returns to Lakeside to perform her timeless hits, “Baby, Baby,” “I’ll Stand for You,” and “Every Heartbeat.”

Since she burst onto the scene as a fresh-faced teenager, bringing contemporary Christian music to the forefront of American culture, the Nashville native has gained a reputation for creating songs that examine life’s complexities with an open heart.

Ten of her singles have reached the Top 40 for pop, and 17 have become Top 40 hits for contemporary Christian music singer of all time, earning six Grammys, 22 Dove Awards and three multi-Platinum albums.

Grant’s career spans nearly three decades, and in that time, she has gained the title of top-selling contemporary Christian music artist. Her 1987 album, “Heartbeat,” received a star on the Hollywood Walk of Fame, one of only two Christian artists who have received a star on the Hollywood Walk of Fame.

Her books will be available for purchase at The Fine Print bookstore and a book signing will follow the evening lecture. “I have always been a writer, whether songs, poetry, short stories or newsletters; never for public consumption but for friends and family,” says Young. “The Shack was a story written for my six children, with no thought or intention to publish.”

With nearly 23 million copies sold and 49 consecutive weeks at No. 1 on the New York Times bestseller list, The Shack has sparked conversations about God around the world and inspired the feature film of the same name, starring Sam Worthington, Octavia Spencer and Tim McGraw.

“The Shack will tell you much more about me than a few facts ever could,” says Young. “In some ways, my life is partly revealed in both characters – Willie and Mack. But an even more about me than a few facts ever could,” says Young. “In some ways, my life is partly revealed in both characters – Willie and Mack. But an even

The Rev. Irwin Jennings retires from Dockside Worship Service

3:30 p.m., Hoover Auditorium

Chautauqua Choral Festival Concert

“The Love Death and Transfiguration of Our Lord”

Participants will culminate their concert tour at the 2019 Chautauqua Choral Festival with a performance of one of the festival selections available through Lakeside or JW Pepper.

Rev. Irwin Jennings

Tiffin T-Squares dance their way to Lakeside

2:30 p.m., Pavillion East Dance Hall

The Tiffin T-Squares, a modern day western square dance Club of Tiffin, Ohio, will perform a special demonstration for Lakesiders. All are welcome to join in the fun and dance together.

Lakeside Heritage Society Lecture

Irwin Jennings’ “Heart of Teak: The Remarkable Success Story”

1:30 p.m., Chautauqua Hall

This lecture will explore the remarkable career of the sailing ship, Success, which was launched in 1840 in its de-struction by fire, as well as the rise from the ashes and launch of the new vessel, Myrt, in 1846. Using video footage, photographs and oral history from the past and present, the speaker will bring to life one of the most interesting stories from the history of Lake Erie. The speaker will be author and historian John D. Norgard.

3:30 p.m., Sunday, July 7

Pet Parade

This exciting parade for Lakesiders and their pets begins at the Bettinger Concourse and ends at the Steele Memorial Park basketball courts, passes by the Bandstand/Gazebo. The entrance fee is $5 per pet or not. No pre-registration required. Please arrive with your pet by 2:45 p.m.

Since the first official dance on May 9, 1939, the group has continued with weekly and monthly dances and performing at festivals and parades.

In 1957, just as the ship was beginning its career, it was purchased by renowned choral educator Amy Johnson Blosser, who brought a youth-choir to Lakeside to sing with the adults and the Rev. Jennings to become the organist at the church.

The ship's career includes four decades of service, and in that time, the crew has shared the vessel’s stories with tens of thousands of people,.Local history enthusiasts, including the speaker, have been Norgard’s passionate heroes for decades.

Born and raised in Clinton Port, Norgard worked as a reporter and photographer before retiring in the U.S. Army, where he served for 30 years in military Intelligence.

Norgard earned a bachelor’s degree in history from the University of Maryland and worked as a private investigator and defense investigator in Alaska.

The ship’s captain is a retired Coast Guard officer who served as an exhibitor ship that sailed across three continents over the course of 50 years, as well as its impact on contemporary perceptions of the role of pirates.

Tiffiny C. Dreyer of Findlay, Ohio, served as the Swap & Swing president, and he began to organize a new club of the sort.

On top of offering opportunities to participate in rehearsals, sessions and recitals, the speaker will discuss the ship’s impact on the local community.

“The Love Death and Transfiguration of Our Lord” is a comprehensive history of the ship, its passengers and its legacy, as well as the ship’s impact on the local community.

The speaker will discuss the ship’s career, which includes the sale of the vessel to the United States government during World War II, and its role in the local community.

The speaker will discuss the ship’s career in the local community, its impact on the local economy and the role of pirates.

Lakeside is working with Korda/Nemeth Engineering, one of the architectural firms known for their strong focus on historic preservation. Staff awarded monies for a formal study of the Schoolhouse, which is a vital area supporting Lakeside’s current performing arts program. It was built more as a temporary facility to exist today. The resourcefulness of the people who made it happen allows us to see the potential of this facility to be the perfect place for Lakeside to extend our performing arts program. It makes sense for us to consider both facilities as we plan for the future. We’re in the process of mapping out an IFP for this project.

To grow and enhance Lakeside’s performing arts programs, a team of industry experts is also being assembled to develop a plan for programming that will work with the teams reviewing the buildings and infrastructure. This group will begin working on specific programs focused on providing arts opportunities that are new, innovative and provide avenues for areas of study that are currently not being offered at Lakeside.

Got Involved?

We want to give the community’s interest a voice as we dive further into planning for the Schoolhouse and Hoover Stage House. For this reason, we’re opening both the facilities this summer for behindthe-scenes tours.

Thank you for your financial support and dedication to Lakeside and its future. These are exciting times, and we received much affirmation that we’re on the right track.

Community participation is critical, and we thank you for being a part of planning for our future.

To grow and enhance Lakeside’s performing arts programs, a team of industry experts is also being assembled to develop a plan for programming that will work with the teams reviewing the buildings and infrastructure. This group will begin working on specific programs focused on providing arts opportunities that are new, innovative and provide avenues for areas of study that are currently not being offered at Lakeside.

Got Involved?

We want to give the community’s interest a voice as we dive further into planning for the Schoolhouse and Hoover Stage House. For this reason, we’re opening both the facilities this summer for behind-the-scenes tours.

Thank you for your financial support and dedication to Lakeside and its future. These are exciting times, and we received much affirmation that we’re on the right track.

Community participation is critical, and we thank you for being a part of planning for our future.

Gretchen Franklin has been with Stein since the Healing Power of Life Review, which focuses on reflecting on successful and challenging life experiences. It's natural and common to reflect on personal experiences, values, stories, legacies, thoughts, and our individual contributions to it. Life reviews can provide a context to reflect on the past, making it possible to make sense of life and our place in the world.

Barcodes and ticket scanning are new to Lakeside and will be implemented this summer. A unique barcode and number will be printed on each Chautauqua Pass (even Season Chautauqua Passes). Starting Friday, May 20, guests will be scanned upon entering or exiting the gates. A valid Chautauqua Pass must be scanned upon entering or exiting the gates. When the pass is scanned upon entering, the status of the pass is changed to “on the grounds.” This will enable guests to enter and exit the gates at their convenience, without having to carry their pass with them at all times.

The Healing Power of Life Review with Gretchen Franklin will be held on Tuesday, June 25, at 10:30 a.m., in Orchestra Hall.

New this summer at Lakeside: barcodes & ticket scanning

Barcode scanning is a new concept, and it is a good change because you’ve scanned one within the past few days. From grocery store items to concert tickets, you’ve had barcodes at just about every transaction. However, barcodes and ticket scanning are new to Lakeside and will be implemented this summer.

A unique barcode and number will be printed on each Chautauqua Pass (even Yearly Chautauqua Passes). Starting Friday, May 20, guests will be scanned upon entering or exiting the gates. A valid Chautauqua Pass must be scanned upon entering or exiting the gates.

Gates are encouraged to purchase their Chautauqua Passes online prior to arriving at Lakeside. Visit Lakesideohio.com to make an online purchase and receive a confirmation email with details of each entry and exit and gates.

Barcodes will track validity of Chautauqua Passes (by gate, time of day, etc.). This will allow us to better track entrance and exit activity.

For questions or comments about barcodes or ticket scanning, complete an online comment card at lakesideohio.com/barcodequestions.

Lake Erie Insights: impairment & Restoration

With Thomas Bridgeman
10 a.m., Orchestra Hall

This lecture will focus on Lake Erie’s water quality since 1985 and present state of impairment and recent research efforts aimed at guiding the restoration of this vital resource.

Thomas Bridgeman, PhD, is the Director of the University of Toledo Lake Erie Center and a professor in the Department of Environmental Sciences. He teaches courses in aquatic ecology and marine biology and has been a leader in the Great Lakes for years from Miami University (OH), Ohio State University (MS) and the University of Michigan (PhD).

His research interests center on harmful algal blooms (HABs) with a focus on identifying and understanding the molecular and ecological mechanisms that allow HABs to continue to have a major impact on the Great Lakes ecosystem. He has maintained a high-quality monitoring program since 2002. Dr Bridgeman and his students have conducted research on the role of the Marcellus Shale in HAB development, annual bloom dynamics from 2002-2018, and the role of cyanobacterial blooms in neurodegeneration.

Don’t miss this lecture to understand the research and the health of our Great Lakes!

New! Rhythm & Music: Wednesday & Friday

Connie Dieterich has blessed many Lake Erie families with her two music programs. First, and most recently, she brought to the children a music series, Rhythm & Sing. Thousands of children have spent their summers learning about music, performing songs and playing instruments, while also gaining instruction in music theory. This week, our children will have the opportunity to experience music with the talented Dieterich once again.

With a team of guest artists and performers, children will experience musical cultures and styles from around the world.

Every Wednesday and Friday until Aug. 9. Ages 4-7 and 8-12.

His research interests center on harmful algal blooms (HABs) with a focus on identifying and understanding the molecular and ecological mechanisms that allow HABs to continue to have a major impact on the Great Lakes ecosystem. He has maintained a high-quality monitoring program since 2002. Dr Bridgeman and his students have conducted research on the role of the Marcellus Shale in HAB development, annual bloom dynamics from 2002-2018, and the role of cyanobacterial blooms in neurodegeneration.

Organizing 101: Simplify Our Stuff

Organizing Overview with Chris Perrow
10:30 a.m., Chautauqua Hall

This course will cover the basics of organizing, energy and sometimes some tears. However, the results are rewarding and energizing. This session will look at some basic realities of organization and how much better life can be when your life is organized.

Chris Perrow of Perrow Systems LLC, a professional organizing business, has built a reputation for taking the most dessed desk, the most time-wasting work processes and the most disorganized people and setting them up with integrated solutions to meet their goals. Perrow designs organizational systems that fit the nature of the person, helping individuals and companies perform at their peak while maintaining order and flow. Perrow conducts management, organizing skills, meeting management, customer service and employee development programs and has years of experience setting people back on the road to productivity.

Organizing 101 programs are scheduled at 10:30 a.m. on select Fridays. Upcoming topics include: Managing the Staff of Life on July 12, Managing the Business of Life on July 26, and What’s Next? on Aug. 9.

Six Appeal is a Minnesota-based soul seven-piece group. The award-winning vocal band Six Appeal returns to Hoover Auditorium in Lakeside, Ohio, for an afternoon of decades of music, performing classic soul, R&B, Motown tunes and catchy original tunes, all sung a capella.

The group began as a collegiate hobby. In 2006, founding members started singing together at Concordia College in Moorhead, Minn. Four years later, Six Appeal moved their home base to Minneapolis in order to turn a hobby into a career. They began touring the country and have been sharing their performances and teaching a new generation of musicians about the results are rewarding and energizing. Despite their cheeky group name, the aliveness of these six young men provide a good-natured atmosphere for their electrifying performances.

Their show will split your side, sat¬• fy your musical sweet tooth and leave you wondering how they pulled it all off with just their voices.

Celebrating 20 years of the Rhein Center

In 1999, family and friends came together to honor the memory of Kirk Rhein, a local artist and art educator. Twenty years later, the C. Kirk Rhein, Jr. Center for the Arts continues to offer a wide variety of classes and programs for all ages from July 2-27 in the lobby of the building, located on the corner of Walnut Avenue and Sixth Street.

With such a wide variety of class offerings, students of any age and experience level can find something that interests them. From 2-D arts, ceramics, and creative crafts to architecture, the full spectrum of arts is represented.

Lakesiders are invited to submit photos to be considered for the Lakeside Art Show and will honor the 20th Anniversary of the Rhein Center. Join us for a celebration of the Mind, the Body, the Spirit, Family and programming), recreation, landscape and architecture.

The Rhein Center is excited to share some changes happening this summer as the Rhein Center enters its 20th season of offering art classes to all ages from July 2-27 in the lobby of the Rhein Center.

Register for classes each week at the Rhein Center, as it is affectionately known, occurs every four weeks, starting June 26 and the deadline to register is July 16.

The telephone is 419-338-2212 for registration. More information is available online at lakesideohio.com or by visiting the center.

Register for the Lakeside Art Show

Lakesiders of all ages are invited to submit photos featured in the 2020 Calendar of Events brochure, as well as any photos with Lakeside on its social media platforms. Images should represent people and are encouraged to capture the heart of Lakeside. Images will be used in the center’s marketing materials, on social media, and more.

A printed list of classes will also be available each week at the Rhein Center, Artists-N-Cahoots, the Farmers’ Markets and Saturday markets (Calico Market) in the Park. Please note that classes are no longer listed in the Lakesider newspaper.

Together, we can help our world by making one change each week.

We will pause to use the recycling bins placed around Lakeside’s public indoor and outdoor spaces.

You may place these items in the same community bins as you would place in the curb-side recycling bins. Bring items in cardboard boxes, bottles, can, and dry plastics #1-7, newspapers and cardboard.
