4th Annual Mouse Island Sunfish Challenge

The 26th Annual Mouse Island Sailing Race in July

The Lake Erie shoreline is dotted with dozens of sunken vessels, and every July, the sunken vessels come back to life for the 26th Annual Mouse Island Sailing Race. This race is a staple of the Lakeside experience, offering categories for everyone to try something new, organize your interests, follow your favorite events and, ultimately, meet new friends at Lakeside.

This is a fantastic opportunity to witness the structural essence of the Lakeside harbor. It is a beautiful event to experience the beauty and majesty of the lakes.

Prepare your taste buds for a fusion of Hawaiian, Cuban, American, Asian and Mexican cuisine! This summer, we’re excited to open Lago Coastal Café, a restaurant operated by Gabe Zeller and Julie Mesenburg that will offer a menu comprised of these delicious, diverse food options.

You may already be familiar with Gabe and Julie’s cuisine, as they are the creators of Barra, a modern Mexican restaurant in Sandusky.

Lago Coastal Café is located in the existing grounds building on Sixth Street, across from the Williams Tennis Campus.

The eatery features an indoor café dining experience and a shaded outdoor seating area. Lakesiders can also use the walk-up window for convenient carryout service.

Creation of Lago Coastal Café was approved at the 2018 November board meeting, and a charitable donation kickstarted the renovation process. Construction began in December and continued throughout the winter and spring.

After the renovation was complete, furnishings, equipment and appliances were moved into the space. Gabe and Julie completed the final touches in the spring so that the café could open in June.

The renovation and move-in process was seamless and we’re excited that Lago Coastal Café will be one of the first deliverables of the Master Plan.

The daily hours are 11 a.m.-8 p.m. For more information about Lago Coastal Café and its diverse new menu, visit facebook.com/lagocoastalcafe.

Haven't had your fill of good food? Don't forget to check out 3 p.m. “Aladdin” (PG), Orchestra Hall and 8 p.m. “Aladdin” (PG), Orchestra Hall tonight.

Enjoy the best of Lakeside for one last time!
The Recreation Department has a full schedule of events planned for Kelleys Island, a Lake Erie island and community settled in the 1830s. Author and historian Leslie Korenko will elaborate on its history, which has been compiled and preserved in books about the history of the island, with each book focusing on a specific period of its past. She has written historical columns for the Ohio Genealogical Society Quarterly, Island News, Anchor News (Wisconsin Maritime Museum) and other publications.

Korenko is the author of six books about the history of the island, as well as articles for the Gazette, Journal (Wisconsin Maritime Museum) and the Erie County Historical Society. She writes the Kelleys Island News column in the Post-Star Gaye. Her stories of Island soldiers during the Civil War have appeared in the Ohio Civil War Journal and the Sandusky Register. Korenko received the Henry Howe Award for Outstanding Ohio History Books from the Ohio Genealogical Society in 2012. She's currently doing research for the Kelleys Island Historical Association and the Erie County Historical Society.

Barcode scanning isn’t a new concept, and there’s a good chance you’ve scanned one within the past few days. From grocery store items to concert tickets, you see barcodes at just about every purchase transaction. However, barcodes and ticket scanning are new to Lakeside and will be implemented this summer.

A unique barcode and number will be printed on each Chautauqua Pass (even if purchased online prior to entry). As always, purchasing passes at the gates can still function even if Wi-Fi goes down or power outages occur. Lakeside staff has been testing the equipment and procedures for these new gate processes as we roll into spring.

Guests are encouraged to purchase their Chautauqua Passes online prior to arrival. Visit lakesideohio.com/ad-
mission to view admission and parking fees and to purchase passes. There are two ways to receive your passes: by Mail or Will Call pickup. For the Mail option, your passes will take 14 days to arrive at your home. For the Will Call option, you can pick up passes at the Welcome Center (near the Route 16/South Gate parking lot) upon arrival. Please note that you can’t print online passes from home. As always, purchasing passes at the gates upon arrival is still available; however, purchase transactions at the gates take an average of seven minutes, congestion traffic.

Each guest (adult, youth, child - age 4 & older, season pass holder and employee) must remember to carry their Chautauqua Pass when entering and exiting the gates, even for a short trip to purchase milk at Erie Beach Market or to exit processes flowing. In the off-season, Wi-Fi capabilities were added to all gates because the scanning equipment was purchased.

The scanners also have cellular data connection as a backup protocol so they can still function even if Wi-Fi goes down or power outages occur. Lakeside staff has been testing the equipment and procedures for these new gate processes as we roll into spring.

All gate attendants will receive additional training for this new technology and revised process at the gates. In order to assist guests whose pass has become damaged or out of sync, the gate attendants will have the capability to check pass validity in other ways and review the history of a pass, including the purchase of the pass and details of each entry and exit.

We’re implementing barcode scanning to better track entrance and exit activity (by gate, time of day, etc.). This will help us to more accurately staff the gates, barcode passes will track validity of Chautau-
qua Passes, identifying duplicate or fake passes or multiple attempts to enter with the same pass. The scanning will also provide information about who came in (and who didn’t).

For questions or comments about barcodes and ticket scanning, complete an electronic form at lakesideohio.com/barcodequestions.

Additional information and articles will be posted at lakesideohio.com.
There will be two opportunities to participate in the ancient practice of walking meditation this week. Join us from 3:30-4:30 p.m. on Tuesday, July 2 and 8:45 a.m. on Wednesday, July 3.

Dr. Stanley, PhD, is in Director of the Humanities Institute at Ohio State University. He’s an associate professor in the Humanities Institute at Ohio State University. He is a member of the Humanist Society and an active member of the American Catholic Historical Association. From Moses to Ruth to Jesus, scripture is clear: "Let your yes be yes and your no be no." What if, instead of holding on tight to our plans and agendas, we leaned into the future, allowing it to flow and shape us? From the wisdom of "yes, and..." as they accept what life throws our way and build upon it.

Jungles are the richest places on Earth. A magical world of surprise, drama and competition is waiting just around the corner. From the jungles of Brazil, home to caiman hunting jaguars and strange jungle dolphins that swim in the tree tops, to Costa Rica where nectar-flying huge wasps, we watch as the animals face life in the most competitive places on Earth.

We follow alongside the beautiful in- sects as they bounce through the forest in their natural habitat and stay on two feet. Without glow-in-the-dark creatures never before filmed. There are even more drag- on-like lizards with facial trick to deal with life in the jungle.

We’re grateful for Donatucci’s years of service and for the many lives she has touched as a dedicated music educator. This summer, Lakeside offers a new children’s music series, Rhythm & Music. The Rev. Irwin and Janet Jennings honored as Grand Marshals

Lakeside is honored to have the Rev. Irwin and Janet Jennings serve as this year's Grand Marshals for the Fourth of July Parade. The Jennings are longtime Lakesideans who have given much to the community. Irwin has served as Chair of the Lakeside Chautauqua Board of Directors and recently retired as the Dockside Worship Service Coordinator after 12 years. Janet has served as President of the Lakeside Women’s Club and has supported the Dockside Worship Service along her husband.

Lakeside’s Fourth of July Parade is the highlight of the summer for us, but we never dreamed we’d be Grand Marshals, so it was an honor to be selected and respected all of the previous Grand Marshals and get to ride in Bill Shannon’s red convertable,” Janet said. “We have known and respected all of the previous Great Marshals, so it was an honor to be selected.

Irwin’s favorite memories include watching the fireworks when Irwin and Janet would attend the East Ohio Annual Conference. Their children, as well as their grandchild,

other memory is the summer they attended the Wimbledon tennis tournament in England, Irwin organized a Lakeside Wimbledon where he, his sister, brothers-in-law and cousins competed for trophies that Irwin provided.

As for Janet, her favorite Lakeside memory involves their Siamese cat getting into wet paint and tracking paw prints all over the floor, windows sills and on the white bedspread. Irwin and Janet have both made a special mark on the Lakeside community, and this year’s parade honors them for their years of service.

Lakeside’s unique Fourth of July Parade will take place at 10:15 a.m. Thursday, July 4 along Second Street with decorated golf carts, antique cars and other floats.

Prayer Breakfast with Chris Holtmann and Susan Stewart

Lakeside Chautauqua welcomes Chris Holtmann, Ohio State University’s Men’s Head Basketball Coach, as keynote speaker of the annual Prayer Breakfast at 8 a.m. Friday, Aug. 2 in Wesley Lodge. Holtmann will be joined by Susan Stewart, a former Canadian Olympic basketball player, to share their faith journeys.

Limited tickets available; purchase online at lakesideohio.com/prayerbreakfast. The menu for the breakfast includes scrambled eggs, bacon, sausage, hash browns, home style potatoes and fruit. Coffee and orange juice will also be available.

During his visit, Holtmann will also lead a special bible study for youth at the basketball courts in Beattie Park. The study will take place at 10:45 a.m. He’ll reflect on his athletic career at a 12:30 p.m. luncheon in Wesley Lodge. Purchase tickets for the luncheon at lakesideohio.com/luncheon.

Holtmann served as the coaching staff of institutions such as Taylor University, Ohio State University, Gardner-Webb University and Butler University before reaching his current role as head basketball coach of Ohio State University.

Butler and Stewart are both graduates of Ohio University. Holtmann took that as a sign that she should give her autobiography, Unbreakable.

Susan Stewart is a former Canadian Olympic basketball player who competed in the 1996 Olympic Games and won two Canadian Interuniversity Sport (CIS) titles and five Ontario Universities Athletics (OUA) championships. Stewart was recognized as both a CIS and OUA Player of the Year.

In 2005, her life took a sudden turn when she slipped and hit her head in the shower, later falling into a coma that nearly took her life. She went through rehabilitation and her journey through rehabilitation in her autobiography, Unbreakable.

One day miraculously woke up, she took that as a sign that she should give back in any way possible. She’s now a motivational speaker who works with her faith community and athletic community with incredible energy. Undergraduate students are required to prepare at least one task for an event, such as assisting with the annual Prayer Breakfast.

Lakeside provides more than 4,000 events year-round!
Every summer, Lakeside hosts more than 4,000 events, so it was important to find an interface that could hold our extensive schedule of events, but still be easy-to-use for guests.

After more than a year and a half of research, Lakeside has partnered with Mambu, a social engagement platform app designed to make activities for the 4th Avenue social interaction within communities.

Mambu was named after the Latin dance because it involves the coordinated movements of two dancers, which makes it fun and easy to learn.

In 1988, Mambo was named after the dance of the same name, but still be easy-to-use for the 4th Avenue social interaction within communities.
