LSO Closing Night Concert with Pianist Angelin Chang
8:15 p.m., Friday, Aug. 16
Hoover Auditorium
The Lakeside Symphony Orchestra’s (LSO) final concert of the season features pianist An-
gelin Chang performing Camille Saint-Saëns’ Piano Concerto No. 2 in G minor.
Considered one of the most popular of the composer’s concertos, this three-movement work uses characteristics of Johann Sebastian Bach and the influence of French composers for a virtuoso piano and orchestra collabora-
tion.

The concert concludes with Johannes Brahms’ Symphony No. 1 in C minor, a bea-
tiful work and perhaps the composer’s most noted work for its lyrical and thematic unity.

Brian Regan brings laughs to Hoover Auditorium
8:15 p.m., Saturday, Aug. 10
Hoover Auditorium
Brian Regan has distinguished himself as one of the premier comedians in the country. With the perfect balance of so-
phisticated writing and physicality, he fills theaters nationwide with fans that span generations.
Funny Fair has called him “the funniest stand-up alive,” and Entertainment Weekly has heralded him as “your favorite come-
dian’s favorite comedian.”
It’s the quality of Regan’s material, re-
tiable to a wide audience and revered by his peers, which continues to grow his fame.
The comedian can turn the most mundane situations — like going to the eye doctor, getting fitted for glasses or trying to decide how many Fig Newtons to eat in one sitting — into side-splitting stand-up material.
While attending Heidelberg College in Ohio with plans of becoming an account-
ant, Regan’s football coach encouraged him to pursue theater and communica-
tions. During his last semester in 1980, Regan dropped out to pursue stand-up comedy (he eventually finished his degree in 1997).
He made his first appearance on “The Late Show with David Letterman” in 1995 and solidified his place on late night TV by making 28 appearances before Letterman’s retirement.
He now makes appearances on “The Tonight Show with Jimmy Fallon.”

The Mouse Island Sailing Race was held July 27 under clear skies and ideal sail conditions in the 2.2-2.5 mph from the Southwest. Sixteen boats and 21 sailors participated, with winners of the three classes include:

**Laser-Handed**
- 1st: Weston & Bob Sudomir
- 2nd: Grace Kelmer
- 3rd: Tim Graham

**Laser Single-Handed**
- 1st: Nick Rusin
- 2nd: Hall Bredlewski
- 3rd: Jack & Brian Brucken

Safety power boats were provided by the Lakeside Wooden Boat Society. Captains and crew had their boats checked with crews in their Lyman boats, assured everyone was safe. We could not run this race without the cooperation of PowerHome Solar, who provided the solar power for the event. This race is organized by the Society of Old Sails (S.O.S.).

**Long Time Lakesider:** Some of us who have visited Lakeside for ages. There’s a sort of magic that is comparable to discovering the new aliens to Lakeside. It’s been stumbled upon, but we’re not sure by whom all these years. That’s a lot.

**New Lakesiders:** Others are complete aliens to Lakeside. It’s been stumbling upon a hidden treasure, and the feel good factor is through the roof. Everyone loves it. Non-Lakesiders are the new world. Newcomers are great expats on Lake Erie. Questions bounce around like a monkey on a bushel of bananas. Curiosity and enthusiasm are abounded. The 900 cottages on the grounds and cars are stocked with more stuff than Marylin Monroe’s and Marylin Monroe’s 2nd (combined for those that haven’t seen that, it’s a lot).

**Come to Lakeside for the first time:** There’s no need to worry about your kids playing in their streets and parks. They’re easy to maneuver a car along the old, narrow streets here. It’s a rare experience, so take advantage of it one way or another. Don’t forget to enjoy the waterfront views.

COMMUNITY NEWS

New this summer at Lakeside: barcodes & ticket scanning

Barcode scanning isn’t a new concept by any means, but you’ll likely only have seen it used in the past few days. From grocery store items to concert tickets, barcode scanning is a commonplace tool that has become ubiquitous. However, barcodes and ticket scanning are now new to Lakeside and will be implemented this summer.

Starting this season, your Chautauqua Pass will now be scanned at each gate and at the Welcome Center. Students attending classes at the Rhein Center must also have their passes scanned at each entry and exit.

The process works as follows: when you arrive at the gate, the barcoded passes will be scanned by the staff at the gates, and you will be permitted to enter. The pass will then be scanned upon your exit from the grounds.

Guests are encouraged to purchase their Chautauqua Passes online prior to their arrival at Lakeside. This will facilitate the process of admission and minimize wait times.

In addition to access to the grounds, your pass will also serve as a key to a host of other services and amenities.

Guests will be able to view class listings on the Rhein Center website or at the Welcome Center. They will also be able to view online comment cards at lakesideohio.com.

New this summer at Lakeside:

- Barcodes & ticket scanning
- Online comment cards
- Class listings

Please note that classes are no longer listed in the Lakeside newspaper. For all classes, once the registration is open, you can visit the Teen Center for hours.

Don & Mary Lou Lefelar on supporting Lakeside

Don and Mary Lou Lefelar are longtime Lakesiders, having purchased their cottage in 1968 from Mary Lou’s side of the family. In fact, Mary Lou has been coming to Lakeside since she was a generation Lakesider, and the couple still visits the grounds each summer. Their first time at Lakeside was in 1968 for a concert. The Lefelars’ grandchildren are fifth-generation Lakesiders, and the couple still visits the grounds each summer. Their first time at Lakeside was in 1968 for a concert.

Don is a board member for Ohio Guadalupe, a social services organization. Last summer, he and Mary Lou attended the Summit on Guadalupe’s opioid crisis situation. After being so moved by the content, they decided to support the organization in any way they could.

Lakeside’s ‘four pillars’ – recreation, education, arts and religion – are unique and important to the couple, said Don. “They’re important to us, and we feel Lakeside has so many classes and programs and lectures; it creates a holistic experience that I don’t think you can find anywhere else.”

In addition to her father and grandfather being Methodist ministers, her husband is also a minister. This first time Don visited Lakeside was in 1968 for a concert, and he was immediately drawn to the grounds. Giving to Lakeside is a great investment because it’s an investment in providing art to the world, and it’s an investment in helping people learn the classical virtues of faith, hope and love.
